

EC Certificate of Factory Production Control

0754 - CPD - 11-0593

In compliance with Council Directive 89/106/EEC of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products (the Construction Products Directive or CPD), as later amended, it has been stated that the construction product

Intectin Plus

according to EN 1504-5:2004, table 1.b
intended for use as crack injection materials for the injection of concrete structures,
flexible injection of cracks and cavities (D)

placed on the market by

Max Frank GmbH & Co. KG
Mitterweg 1
94339 Leiblfing

and produced in the factory

MF Süd

is submitted by the manufacturer to the initial type-testing of the product and a factory production control and that the notified body No. 0754 - Materialprüfungs- und Forschungsanstalt, MPA Karlsruhe - has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the attestation of factory production control described in Annex ZA of the standard

EN 1504-5:2004 and the procedures given in **EN 1504-8:2004**

were applied.

This certificate was first issued on 2011-09-23 and remains valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.

Karlsruhe, 2011-09-23

Mr. L. Gerlach, Dipl.-Ing.
Head of the Certification Body
